

faoswsProduction: A package for the imputation of the production domain of the Statistical Working System

Michael. C. J. Kao and Joshua M. Browning

Food and Agriculture Organization
of the United Nations

Abstract

—!!!—an abstract is required—!!!—

Keywords: Imputation, Linear Mixed Model, Agricultural Production, Ensemble Learning.

The documentation for the **faoswsImputation** provides a very clear example for how this package works. No further documentation is provided in this vignette at the moment, but in the future there may be additional functionality in this package that should be documented in this vignette.
